/ CTT,

Please find attached the final, consolidated paper in response to PTT # 019 (it says "final" in the file name).

I sent the draft version of the USBP and OAQ at 12:07 p.m. today, and I haven't heard back from them. I believe that's because they're o.k. with it because OF only deleted one small paragraph from the USBP version (explained below); and we kept intact the longer versions of two, OAQ-related sections that OAQ previously cleared with OF but was later shortened by USBP in their version of the paper (also explained below). EAC (b) (6), (b) (7) has previously cleared.

Associate Chief (b) (6), (b) (7)(C) and DAC (b) (6), (b) (7)(C),

I have consolidated the OF and USBP respective papers regarding Tasker # 19 ("Resources for wall/barrier construction") into one paper, which is attached. USBP's paper is incorporated starting on Page 4 of this document. OF only made one change - and we are respectfully requesting that the Office of Acquisition weighs in on two sections of the paper - as follows:

- **Existing Resources – OF has deleted.** USBP wrote their own agency-wide response in a paragraph under "Existing Resources." OF has deleted because it would no longer be necessary to have this paragraph if the first 3 pages of this paper, written by OF, are kept intact.
- **Acquisition Strategy (p. 5) – Needs OAQ clearance.** USBP abbreviated this section as shown in the paper. OF has no objections to the shorter section; however, we request that the OAQ concurs.
- **Government Furnished Material (GFM) and Supply Chain (p. 6) – Needs OAQ clearance.** USBP abbreviated this section as shown in the paper. OF has no objections to the shorter section; however, we request that OAQ concurs.

Please let me know whether USBP and OAQ concur with the above changes; and I will then submit to the CBP Transition Team with you in copy.

Good evening all,

Attached is the USBP response for PTO Task #19. Though both submissions contain valuable information, it is our recommendation that the USBP submission and the CFO submission be submitted separately but simultaneously for consideration, with the caveat that the duplicative information in the CFO submission, beginning on page 4, be deleted.

Thank you,

V/R
